HOTEL ASTON LA SCALA NICE, FRANCE
INSPIRE, CONNECT & SHARE!

We are pleased to invite you to the 4th Innermetrix International Conference, hosted by IMX France on October 7th & 8th 2019.

For us, it is very important to create open spaces for the exchange of experiences and professional achievements around an action that unites us: the use of Innermetrix talent assessment tools as an added value to our professional and business solutions.

This year, once again, we sought and managed to bring together the members of our international community, from the IMX Leadership Team, the Master Distributors of all the regions around the world where Innermetrix is present, to Certified Innermetrix Consultants and End Users.

Our motto is that TOGETHER we get inspired, we connect and share to be better and help better!

We will be happy to count on your participation, meet you and share with you!
